

# WordPress: reperire gli URL delle sezioni di WooCommerce

WooCommerce ha per ogni sua sezione un URL specifico. Ecco quelli più importanti.

## URL dello Shop

```
$shop_page_url = get_permalink(
woocommerce_get_page_id( 'shop' ) );
```

## URL dell'account utente

```
$myaccount_page_id = get_option(
'woocommerce_myaccount_page_id' );

if ( $myaccount_page_id ) {
    $myaccount_page_url = get_permalink(
$myaccount_page_id );
}
```

## URL del carrello

```
global $woocommerce;  
$cart_url = $woocommerce->cart->get_cart_url();
```

## URL del checkout

```
global $woocommerce;  
$checkout_url = $woocommerce->cart->  
>get_checkout_url();
```

## URL della pagina di pagamento

```
$payment_page = get_permalink(  
woocommerce_get_page_id( 'pay' ) );  
  
// SSL se necessario  
if ( get_option( 'woocommerce_force_ssl_checkout' )  
== 'yes' ) {  
    $payment_page = str_replace( 'http:',  
'https:', $payment_page );  
}
```

## URL del logout

```
$myaccount_page_id = get_option(
'woocommerce_myaccount_page_id' );

if ( $myaccount_page_id ) {

    $logout_url = wp_logout_url( get_permalink(
$myaccount_page_id ) );

    // SSL se necessario
    if ( get_option( 'woocommerce_force_ssl_checkout' )
== 'yes' ) {
        $logout_url = str_replace( 'http:', 'https:',
$logout_url );
    }
}
```
